Not a bad attendance this year although there are quite a few shooters missing that should be shooting and a lot of 'no cards received' – Is it that the cards were so bad or that the shooter didn't bother? To all those that have shot and are in the top three of their region or over 575, well done! For those that did not get through, commiserations and there is always next year to compete in and a year to improve.

Congratulations to Paul Hatton who is top scorer for this round ("He's on beta blockers" I hear you say, but don't worry, he's been dope tested and it is confirmed - he is a dope!). Is there anyone who can crack the 590's this year?

Last date for shooting Wednesday 21 August 2001 and returned to me by Monday 26 August 2001

Please give a contact Phone Number so that I can give everybody that's shooting a call to inform them. I will have the results at the meeting or to your addresses if there's an SAE.

Good Shooting,
