## <u>Police Athletic Association – Shooting Section</u> <u>Regional Long Range Individual Championship 2002</u>

T. Noar	88	91	95	94	93	90	551
<u>PSNI</u>							
M. Heaney	97	98	96	99	100	98	588*
J. Rodgers	98	95	99	97	97	96	582
D. Jack	94	95	95	95	93	97	569

What an amazing 2<sup>nd</sup> round, so many vying for the top slot, it's good to see that competition is strong. So, it's congratulations to me for having the top score of 591 (on count back), and Ann for joining me. Congratulations also go to Andy Germain and Liz Hughs for becoming Regional Champions.

It has been noted that nine of the Fred Jennings finalists (\* Top Ten) are 587 and above which shows the calibre of shooter we have in the Police Force in general, this is not a knock at Monica on 585, I know she is up there with the rest of us and will certainly be going for that 1<sup>st</sup> place. It's the best set of results since 1998 (year before USPE) when there were 6 people that broke the 590, however the cut off was still 585 and there were three under 587.

## Now the moans.

It is still disappointing to see persons through to the 2<sup>nd</sup> round failing to shoot/return their cards. Another set back is the amount of chasing I have had to do as the vast majority of scores have been sent back at the last minute, most being late. The other moan is ............I hope everyone has a crystal ball as no one has sent SAE's or phone numbers for me to contact the finalists as asked in big bold letters on the last results sheet. If this continues into next year I will not be running the competition in 2004.

I will see all the finalists for the Regional Champion's Championship and the Fred Jennings Trophy on the firing point on Tuesday 11 September 2002. The match will commence at 1.30pm; so don't forget to be there early – ISSF rules apply.

Good Shooting,
